

# SANN LA WON, UI/UX Designer

## Work Experience

### UI/UX Designer, MO.Co.,Ltd.

11.2021 - present

MO is a digital financial business. Here are some of the projects I did as a UI/UX designer:

#### MoMoney Subscriber, Agent and Merchant Apps

Redesigned existing UIs to better adapt Android and iOS devices. Prototype high fidelity UI and designed graphic preview screens for play store and app store of MoMoney Subscriber application.

#### MoPayments Portal

A gateway for merchants to accept payments from multiple methods through a single platform. Designed new UIs to make payments easier on web and mobile, working closely with development team to implement the vision.

#### MO, MoMoney and MoFoundation Websites

Designed new UIs of MoMoney website to introduce the MoMoney Subscriber App and MoFoundation website to show the charity activities. Developed responsive static websites of MO, MoMoney and MoFoundation.

#### Shwe Bank Website

Developed responsive static website for their existing UIs. And redesigned existing UIs to enhance marketing campaigns with new features, working closely with business and development teams to implement the changes.

#### Shwe Bank Mobile and Internet Banking

Redesigned existing UIs of mobile banking, working closely with product and business managers to get better UI. For internet banking, I took a part of making decision on colorography to align with the branding guidelines.

#### Shwe Eat Subscriber and Agent Apps

Researched the systematic study of digital payment process and user requirements, working closely with business and product managers. Designed new UIs and developed high-fidelity clickable prototypes
